Batal Simpan

■ TMS Web Display – THP Entry Module

Simpan button

- Setelah semua field/textbox terisi klik simpan untuk menyimpan data THP dengan tanggal yang sudah di tentukan.
- Jika ada Data THP yang Outstanding pada tanggal sebelumnya dengan persentase yang tidak memenuhi syarat (Setting persentase lihat di halaman 13) maka THP Qty akan di tambahkan secara otomatis (THP Qty + Outstanding).
- Namun jika ada Data THP Entry yang Outstanding tetapi persentase yang sudah memenuhi syarat dan belum di close (manual), maka secara otomatis akan di close dan THP Qty tidak bertambah dari THP Outstanding.

View detail THP

- Pada menu ini user dapat melihat detail THP yang sudah di input.
- User juga dapat melihat quantity actual LHP.

The screenshot displays the TMS Web Display interface. On the left is a dark sidebar with navigation links: Dashboard, Master Data, Manufacturing, Warehouse, Procurement, and OEE. The main content area is titled 'Manufacturing THP Entry' and includes buttons for '+ Add New Data', 'Import', 'Report', and 'Setting'. Below these is a 'THP Entry' section with a table listing entries. The first entry is highlighted, and a 'View' button is clicked, opening a 'THP Entry Detail' modal.

THP Entry Table:

THP Number	Date	Customer	Production Code	Part Name	Part Type	Route	Process	THP Qty	Action

Close THP (Manual)

- Pada menu ini user dapat melakukan close THP yang sudah di input. Jika THP sudah sesuai dengan syarat persentase yang sudah di setting (Setting persentase lihat pada halaman 13), maka THP akan dapat di close dan jika persentasenya masih kurang close akan di tolak.

The screenshot displays the TMS Web Display interface for the THP Entry module. The left sidebar contains navigation links: Dashboard, Master Data, Manufacturing, Warehouse, Procurement, and OEE. The main content area shows the 'THP Entry' section with a table of entries. The table has columns: THP Number, Date, Customer, Production Code, Part Name, Part Type, Route, Process, THP Qty, and Action. A single entry is shown with THP Number 228, Date 23/05/2021, Customer H03, Production Code PS.0354, Part Name Cover Breather, Part Type 2SK/Export, Route Restrike, Process 4, and THP Qty 4. The Action column for this entry contains links for View, Edit, Close, and Log. The 'Close' link is highlighted with a red box. Below the table, it says 'Showing 1 to 1 of 1 entries'. A modal dialog box titled 'CLOSE THP' is overlaid on the bottom right. It contains a 'Note' section with the text 'CLOSE TEST'. At the bottom of the dialog, there is a question 'Do you want to close the changes?' with two buttons: 'Close' (red) and 'Cancel' (grey). The user's cursor is hovering over the 'Cancel' button.

THP Number	Date	Customer	Production Code	Part Name	Part Type	Route	Process	THP Qty	Action

Log THP Entry

The screenshot displays the TMS Web Display interface for the THP Entry module. The left sidebar contains navigation links: Dashboard, Master Data, Manufacturing, Warehouse, Procurement, and OEE. The main content area shows the 'THP Entry' table with columns: THP Number, Date, Customer, Production Code, Part Name, Part Type, Route, Process, THP Qty, and Action. A red box highlights the 'Log' button in the Action column. Below the table, the 'THP LOG' section shows a table with columns: DATE, TIME, TYPE, USER, and NOTE. The table contains two entries for 03/06/2021.

THP Entry Table

THP Number	Date	Customer	Production Code	Part Name	Part Type	Route	Process	THP Qty	Action

■ TMS Web Display – THP Entry Module

Import THP (Excel File)

- Import THP Entry merupakan sebuah proses yang sama dengan proses input THP (manual), namun pada proses ini menggunakan file excel (sesuai template) sehingga tidak perlu melakukan input manual satu persatu.

1. Memilih tanggal THP
2. Memilih departemen
3. Memasukkan file excel (Ekstensi: xlsx, xls atau csv)

The screenshot displays the TMS Web Display interface for the THP Entry module. The left sidebar contains navigation links: Dashboard, Master Data, Manufacturing, Warehouse, Procurement, and OEE. The main content area is titled 'Manufacturing THP Entry' and includes a user profile 'ALDI'. Below the title bar are buttons for '+ Add New Data', 'Import' (highlighted with a red box), 'Report', and 'Setting'. The 'THP Entry' section shows a table with one entry: THP Number 228, Date 23/05/2021, and Cu HO. Below the table, the 'IMPORT THP' form is visible, featuring three input fields: 'Tanggal' (Date) with the value '04/06/2021' (labeled 1), 'Dept.' (Department) with the value 'PRESSING' (labeled 2), and 'File (Excel)' with a 'Choose File' button and 'No file chosen' text (labeled 3). At the bottom right, there are 'Batal' (Cancel) and 'Import' buttons, with the 'Import' button highlighted by a red box.

THP Number	Date	Cu

Setting Page

- Menu ini berfungsi untuk mengubah settingan minimal persentase.
- Value dari settingan ini yang akan menentukan THP Outstanding sudah memenuhi syarat atau belum (Detail pada halaman 7)

The screenshot displays the TMS web application interface. The background shows the 'THP Entry' module with a sidebar menu containing options like Dashboard, Master Data, Manufacturing, Warehouse, Procurement, and OEE. A table of THP entries is visible, with columns for THP Number, Date, and Customer. A modal titled 'Setting Minimal Persentase' is open in the foreground. The modal contains two input fields: 'Nama setting' with the value 'persentase' and 'Value setting' with the value '95' and a percentage symbol. At the bottom of the modal are 'Batal' and 'Update' buttons.
